VOLUME NO. XXIX. WHOLE NO. 1111

TODAY IS SECOND 'ARMISTICE DAY'

Twentieth Century Independence
Day Is General Pershing's
Characterization of Occasion

OBSERVANCE URGED

Heads of Nation's Military and
Naval Forces Issue Messages to
Personnel and War Veterans

Washington, Nov. 10.—Joining in
the national observance of the second
anniversary of the signing of the armis-
tice, heads of the nation's military
and naval forces today issued mes-
sages to the personnel of the army and
navy, and to the veterans of the world
war now in civil life.

"Today the army salutes its own
fallen heroes," Secretary Baker
said. "It is for us to remember them
in imperishable memorial, to en-
courage their devotion in our hearts
and to dedicate ourselves to a perpetuation
of the principles for which they fell."

Declaring that events of the two
years since the signing of the armis-
tice had caused many of us "to lose
the holy joy of that day," Secretary
Baker admonished the navy to dedi-
cate itself to the same ideals "which
gave immortal glory to our American
youths of 1917-18."

"We lived on November 11, 1918,
on the mountains of gratitude and hap-
piness because the valor of our best
soldiers on land and sea had secured
for mankind the blessings of peace
with the fruits of victory," Mr. Daniels
declared. "In observing the second
anniversary of a day ever sacred
in our memory, let all of our people
renew their devotion to the spirit
of high patriotism and sacrifice which
made Armistice day a national day
of rejoicing."

General Pershing characterized Ar-
mistice day as the twentieth century
Independence day of the world. He
charged the men who served under
his command in the war to keep before
them in peace the ideals for which
they fought and died that the interests
of the nation would be "well directed
and fully safeguarded by this citizen
army of veterans."

Major General Peyton C. March,
chief of staff, said:
"On the second anniversary of
Armistice day, we turn our thoughts
from the strife of politics, from the
strife of business to acclaim again our
army in the world war. I have recently
inspected our cemeteries in France
with their rows of crows of hero dead
and cannot conceive of any differences
of opinion as to the aftermath of the
splendid sacrifices of our army and
our whole people during the war.
Their record of achievements and self-
sacrifice will forever be a national in-
spiration."

RAIL FORECLOSURE ORDER IS DELAYED

Opportunity Thus Will Be Given to
Governor-Elect Miller to Present
His Views to Legislature

New York, Nov. 10.—Federal Judge
Mayer today postponed until January
17 the granting of a foreclosure
against the New York Railway com-
pany to permit Governor-elect Miller
to have time to present to the legisla-
ture his views and suggestions con-
cerning traction matters here and else-
where in the state.

Judge Mayer said that if the prop-
erty was offered for sale now it would
have no value except as junk, unless
bought in by the four per cent bond
holders.

Granting of a decree now, he added,
would "wipe out everybody, including
the second mortgage bond holders and
only favor the four per cent bond
holders."

Judge Mayer said that Mr. Miller
had indicated that he would urge the
legislature to take action which would
relieve the traction companies from
"municipal annoyance and which
would be just to the traveling public
and fair and just to honest investors
in the transit lines."

CITY WILL MARKET COAL

Newark, N. J., Nov. 10.—Five car-
loads of coal were purchased today by
Mayor Gillen and will be sold to
citizens of Newark at cost, which the
mayor expects will not be more than
\$12.50 per ton. The coal, purchased at
the mines through an independent op-
erator, will be distributed by truck
through the mayor's food bureau.

PAROLE 'NICKER' ARNSTEIN

New York, Nov. 10.—Julius W.
(Nicker) Arnstein today was paroled
in custody of his counsel by Federal
Judge Julius M. Mayer, pending a re-
hearing before the United States su-
preme court of contempt proceedings
instituted against him for his alleged
implication in New York's \$5,000,000
bond plot.

BREAK WRANGLE'S LINE

Saratoga, Nov. 10.—The third
and final division has broken through
General Wrangle's outer works at Per-
th, but the situation is not regarded
as serious.

HARDING CAPTURES FIRST BIG TARPON

Mrs. Harding, Too, Hooks Fisca-
torial Prize But Lets Another
Land It

Point Isabel, Texas, Nov. 10.—(By
The Associated Press).—President-
elect Harding landed his first tarpon
today and came back from Point
Isabel fishing grounds looking prouder
than he did when just a week ago to-
night late election figures confirmed
his overwhelming majority.

The catch measured four feet and
five inches, a fair size prize as tarpons
20, and Mr. Harding hauled the red
unassisted while the big fish roared
back and forth through the water.
In its furious attempt to get away, it
was pulled in just 15 minutes after it
took the bait. Mrs. Harding shared the
honors of the day for she also hooked
a tarpon. It was a different size, however,
and she did not try to land it. She
passed the rod over to Senator
Hale, a guest of the President-elect,
and his wife on their vacation trip
here, and he brought it in after a
struggle of more than a half hour.

Senator Harding again spent the
whole day on the tarpon fields, three
miles off shore, passing up an ideal
golf day to devote himself to the sport
to which he was introduced yesterday.

GRANGERS BOOST THEIR EXCHANGE

Patrons of Husbandry, in National
Convention, Seek to Broaden
Scope of Enterprise

Boston, Nov. 10.—Business occu-
pied the delegates to the annual meet-
ing of the National Grange, Patrons of
Husbandry, at forenoon, afternoon and
evening sessions today. At the open-
ing session, National Master Sherman
J. Lowell of Fredonia, N. Y., delivered
the master's address and reports of
national and state officers followed.

W. M. Giles, master of the New
York State Grange, described the op-
eration of the farmers' exchange es-
tablished by the New York Grange in
co-operation with the Dairymen's
league and the Federation of Farm
Bureaus, which he characterized as
"the greatest project ever undertaken
by farmers." Through the building of
storehouses and mills, he said, the ex-
change was prepared to receive the
grains of the western farmer and dis-
tribute them to the eastern farmer "at
a margin so close that the western
farmer and his eastern customer are
brought into friendly and intimate con-
tact with mutual benefits."

He urged that the exchange be ex-
tended into a national enterprise.

CHESS 'ACE' EIGHT YEARS OLD

Polish Wonder Plays 18 West Pointers
Simultaneously Defeating Each
In Turn

West Point, Nov. 10.—Eighteen of-
ficers, strategists all, and most of them
trained in the post graduate school
of war—and one picked cadet, the
chess star of the military academy,
went down to defeat in as many games
of chess here tonight before the in-
vincible onslaught of Samuel Rzeschewski,
eight and a half years old,
Polish wonder of the chess board.
One of the boy's 20 opponents played
to a draw at the end of 35 moves.

The lad from overseas, who tonight
added to the laurels he has won from
the champions of Vienna, Berlin,
Paris, Warsaw, London and other
European capitals, played all his ad-
versaries simultaneously, moving rap-
idly from one board to another and
making his plays after lightning cal-
culations.

FOR PASSENGER FARE CUT

New York Central Is Directed To File
New Schedule of Two Cents
A Mile

Albany, Nov. 10.—The appellate di-
vision, third department, handed down
a decision today directing the New
York Central railroad to file with the
Public Service commission, second dis-
trict, a new schedule, fixing the rate
of fare for way passengers between Al-
bany and Buffalo at two cents a mile.
The present fare is three cents a mile.
Court action was instituted by the
commission in July against the rail-
road when it refused to obey the com-
mission's order to reduce the rate of
fare from three to two cents a mile.

BUYS LAWRENCE HOMESTEAD

Scarsboro, Nov. 10.—The Stephens
Lawrence homestead, a large colonial
mansion in North Ossining, has been
purchased by Frank A. Vanderlip,
New York banker, who recently pur-
chased the entire village of Sparta
near here. Mr. Vanderlip said tonight
that he bought the property simply to
keep a beautiful piece of architecture
from going to pieces. Its value is said
to be more than \$50,000.

DISARM STUBBORN TROOPS

Lodz, Nov. 10.—A wireless dis-
patch from Moscow reports that the
Poles have disarmed the troops of
General Bulak-Bukalovich, which re-
mained in Polish territory contrary to
a Polish order that they evacuate.

ARMENIANS SIGN ARMISTICE

Constantinople, Turkey, Nov. 10.—It
is reported from Bakum that the Ar-
menians have concluded an armistice
with the Turkish Nationalists.

SHIPPING BOARD TANGLE WORSE

Additional Evidence of Alleged Ir-
regularities and Mismanagement
Is Given Investigators

HEAR BENSON'S AIDE

Admiral's Executive Assistant,
Commander A. B. Clements Will
Be Heard at Session Today

New York, Nov. 10.—Additional
evidence of alleged irregularities and
mismanagement in the conduct of the
United States shipping board today was
produced here today before the com-
missioners of the board, by J. P. Rich-
ardson, assistant secretary and counsel
of the committee, in concluding his
direct testimony. The investigation is
based largely upon a report submitted
by Mr. Richardson and A. M. Fisher,
secretary and statistician of the com-
mission, after a year's work.

At the conclusion of today's session,
Chairman Walsh announced that Com-
mander A. B. Clements, executive as-
sistant to Admiral Benson, chairman
of the shipping board, would be a
witness tomorrow morning. Chairman
Walsh read a telegram from Admiral
Benson, which stated that the board
would not object to Commander
Clements testifying and that the re-
cords, officers and employees of the
board were at the disposal of the com-
mission at any time or place the com-
mission desired.

Chairman Walsh said Admiral Ben-
son and other officials of the board, as
well as Charles M. Schwab and Charles
E. Piez, former heads of the Emer-
gency Fleet corporation, may be asked
to appear before the committee.

Cross examination by Representative
Henry J. Steel of Mr. Richardson took
up a considerable part of the after-
noon session. Characterizing the wit-
ness' previous testimony as a "general
indictment," Mr. Steel sought to bring
out specific instances of alleged "poli-
tical influence," favoritism and so
forth.

The witness prefaced his reply to
the first question asked with the state-
ment this his report did not seek to
prove any illegal act on the part of
any person.

"The purpose of our criticism," he
said, "is, we hope, to bring out exist-
ing conditions so they may be rectified
by the shipping board itself. I want to
give full credit to the board for its
achievements. It had a gigantic task
—one of the greatest ever met by man."

Answering questions as to specific
instances of alleged political influ-
ences, he testified that he had been in-
formed that a ship building firm in
Texas had "threatened" to appeal to
a senator from that state to bring
about what was claimed by the com-
pany to be a delay in settlement of
an account. He added that he had no
knowledge as to what, if anything, the
senator did. Another instance recited
was that a former congressman had
accompanied an officer of a ship build-
ing firm to Washington to assist in
securing a contract.

He added that he had no knowledge
of any ship yard or contracting firm
in which a member of congress or the
house was interested. He also said that
he did not criticize all the allocation
contracts entered into by the board.

The witness also brought out in his
testimony incidents of what he termed
carelessness in the handling and
preserving of shipping board records.
In one of the southern districts, he
said, desks and file cabinets were dis-
posed of without the contents being
removed and that these records were
scattered and many of them destr-
oyed. In one case, he testified, where fil-
ing cases had been certified and sold
as surplus, duplicates were purchased
but a short time later at a greatly in-
creased price.

HARDING ENDORSES RED CROSS CRUSADE

Calvin Coolidge, Vice President-
Elect, Also Appeals in Behalf
of Campaign

Washington, Nov. 10.—On the eve
of the opening of the fourth annual
roll call of the American Red Cross,
an appeal from President-elect Hard-
ing was issued today from the Na-
tional headquarters here. It read:
"Noting that your membership roll
call for this season is impending, I
have wanted to express my very
earnest sympathy for your cause and
my hopes that it may be forwarded
by the coming campaign.

"If in all the world there is an
organization more entitled to be re-
garded as doing good universally and
doing nothing else at any time or
place, I do not know what it may be.

"It would be peculiarly a misfor-
tune, if the Red Cross, with its mag-
nificent organization and splendid pur-
pose of useful achievement should lose
any measure of its efficiency because
the special interest and enthusiasm of
war-time has ceased. Your organiza-
tion has been built to serve humanity,
and humanity needs its service in
peace, just as it did in war. My wishes
for all success go to you."

An appeal from Vice President-elect
Calvin Coolidge was also made public
as follows:

"There are no large results with-
out organized effort. In no other way
can the mercy of mankind adequately
be reached. To that end the Red
Cross, the greatest expression of the
compassion of mankind, should have
its organization maintained and sup-
ported."

OLD 'FIRST' STAGES

WARTIME 'BATTLE'
America's First Fighting Unit in
World War Holds Its Reunion
at Camp Dix

Camp Dix, N. J., Nov. 10.—Under
the light of search lights, flares and il-
luminations, the old "First" division,
America's first fighting unit to partici-
pate in the world war went "over the
top" tonight in a significant sham bat-
tle for the entertainment of 10,000
of its own veterans in reunion and
thousands of civilian visitors. General
Henderson and Commander General Fries
were guests of honor, with General E.
A. Smedley, division commander,
and many other prominent army men
interested observers.

Four regiments of infantry, three of
artillery, three machine gun battalions,
a fleet of tanks, all of the first divi-
sion, and chemical warfare units from
Lakehurst, proving grounds and Edgewood,
participated in the spectacle in the
great amphitheater at the foot of
Morris hill above this were the flashes
of the big guns, the IT's of the at-
tacking forces and the great, dark, IT's
of the defending, simulating counter bat-
teries.

When the battle hardened veterans
marched in awe at the spectacle.

HARDING CONTRIBUTES \$2,500 TO FEED STARVING CHILDREN

New York, Nov. 10.—President-
elect Warren G. Harding, reported a
contributions poor man, within 48
hours after election day, contributed
\$2,500 to the Literary Digest's child
feeding fund for the relief of 5,500
destitute and starving children in
Europe.

The President-elect's contribution
was announced tonight as among the
first in \$100,000 collected today, which
the Literary Digest started with its
own subscription of \$25,000 at the ur-
gent appeal of Herbert Hoover.

EXPLAIN COOMBS' DETENTION

New York, Nov. 10.—The friendly
attitude of the United States toward
Armenia and other of diplomatic
relations with Turkey are given as reasons
for the Turkish Nationalists' action
in holding Colonel Coombs, direc-
tor of the American commission for
relief in the Near East, at Samson,
according to a message from Colonel
Coombs to the organization representa-
tives in Constantinople received by
cable here tonight.

CONSTABLE IS KILLED

Public, Ireland, Nov. 10.—A motor
lorry containing policemen, with its
escort, had a sharp clash last night
near Paillyboy with a party of 100 men
who had barricaded the road. One
constable had been killed and another
wounded by armed men near Bally-
brack station.

OBSERVE ARMISTICE DAY IN SPIRIT THAT MADE IT URGES AMERICAN LEGION

New York, Nov. 10.—Calling for
observance of Armistice Day in the
"spirit that made it," F. W. Gal-
braith Jr., national commander of the
American Legion, tonight issued an
open message to the nation.

"The swift triumph of our arms
and those of our gallant allies,
which two years ago gave us the
victory, the anniversary of which we
celebrate tomorrow, marks the
high light of the present century in
American affairs," he said. "Victo-
ries such as Armistice Day com-
memorates are not the issues solely
of clashes of flesh and steel. They
are of a finer quality than that.
They are triumphs as well as of an
unconquerable spirit."

"No victory, however complete,
can survive the spirit that
conquered it. The minds of man-
kind are replete with examples
of splendid triumphs in behalf
of splendid causes that have come
for naught because the spirit has made
them come to endure."

"This is only the second anniver-
sary of Armistice Day, a day de-
clared, if we will, to keep company
with the immortal acts of the calen-
dary that mark great moments of
history that shall never die. Suc-
ceeding generations will acclaim
Armistice Day. God grant they al-
ways shall acclaim it in the spirit
that made it and that this spirit,
like the day, shall be imperishable."

"With this prayer in our hearts,
let us renew each year our vows of
fidelity, repledge and keep unshak-
able our faith in the high ideals,
the lofty purpose, the unselfish
aspirations, and exalted holy hopes
that fired the heart of Americans
in 1918 and made ours a land from
whence crusaders came, with souls
affame, worthy of their victories."

"To this end, the American Le-
gion, today and forever, solemnly
pledges its all."

VALIANT FIGHT TO BEACH SHIP

Tugs and Fireboats in Hudson Riv-
er Have Hard Battle With
Burning Freighter

BLOCKADE FEARED

Vessel Once Threatened to Sink
and Block Shipping Channel
With Its Wreckage

(By The Associated Press.)
New York, Nov. 10.—After a spec-
tacular race against time down the
Hudson river, surrounded by putting
tugs and fireboats, and with flames
licking about her forward decks,
the burning Morgan line freighter,
El Mundo, tonight lay beached on the
Communipaw flats, near Ellis Island,
out of the way of harbor traffic.

Thousands of spectators lined the
New York and New Jersey shores and
watched the heroic light of the tug-
boats to drag the burning freighter out
of the river, as she was threatening to
sink and block the shipping channel.

Flames, which started from an ex-
plosion in her forward fuel tanks
shortly after 3 o'clock, continued to
burn brightly, sweeping the freighter
from bow to stern, despite the efforts
of a swarm of fire fighters to hold
them in control. The ship, a craft of
10,000 tons, is almost a complete
wreck, with her sides torn by blasts
and her forward superstructure car-
ried away by the fire.

All members of the crew of the il-
l-fated vessel, which arrived here from
Galveston last night with a general
cargo, have been accounted for, police
officials said tonight. Eight of the deck
hands were reported seriously burned,
one probably fatally. Michael Bertu-
lett, a water tender, whose clothes
were burned from his body.

More than a score of toughshoremen
and members of the crew were un-
loading the vessel at the Southern Pacific
line pier, when the fuel tank, con-
taining several thousand gallons of
oil, blew up without warning, hurling
men in all directions and carrying
away a section of the deck. Plates on
the port side also were torn out and
the ship immediately began to list.
Sprayed by burning oil, many workers
on the pier had narrow escapes from
being burned to death. Several also
had their clothes blown from their
bodies by the force of the blast, which
shook the water front for blocks.

Police reserves and firemen rushed
to the scene in answer to several
alarms, and removed the engine, but
were unable to penetrate the forward
part of the ship, which was wrapped
in smoke and flames. As three other
big oil tanks were threatened, fire of-
ficials, fearing another explosion, issued
orders clearing the pier of workers
and newspapermen. Firemen also were
ordered off the blazing freighter, which
began to list dangerously to the port
side.

Several tugs were pulling the steam-
er into the middle of the river when
another explosion occurred and flames
leaped up the forward mast, sweeping
the deck's superstructure. She gave
another heavy list and threatened to
sink in mid-channel, blocking river
traffic. More than a dozen tugs came
to the rescue and after a valiant fight
succeeded in dragging the burning ship
two miles downstream, with the hope
of getting her into the outer harbor.
A short distance north of Ellis Island,
however, the freighter began to sink
rapidly and it was found advisable to
drag her on the Communipaw flats off
the Jersey shore.

During the trip, the fireboats guided
alongside and swept the El Mundo for-
ward and aft with streams of water,
but their effect on the burning oil was
"almost negligible."

QUIT DEMOCRATS FOR HUNTING TRIP

Taggart, Cox and Harrison Seem-
ingly Ignore Informal Confer-
ence of Party Leaders

French Lick, Ind., Nov. 10.—Plans
of the informal Democratic confer-
ence being held here were somewhat
upset today by the announcement of
Thomas Taggart, defeated candidate
for United States senator from Indiana,
that Governor Cox of Ohio, late Presi-
dential aspirant, Senator Pat Harrison
of Mississippi, and himself, would
start on a hunting trip in Alabama
immediately.

Mr. Taggart departed this afternoon
for Louisville, Ky., where he will meet
the Ohio governor and Senator Har-
rison. From Louisville they will go
direct to Alabama, where they expect
to remain for two weeks.

The Tammany hall leaders, who are
here, held numerous conferences to-
day behind closed doors, but nothing
was made public concerning them.
Later it was announced that nothing
of political significance was attached
to the conferences.

Governor Alfred E. Smith of New
York and a large party arrived here
late last night. Included in the New
York governor's party are Charles M.
Winchester of Albany, John L. Gil-
christ, commissioner of licenses in
New York, and William A. Humphrey
of Albany.

WRECK PRINTING PLANT

Raiders in Khaki Uniform Force En-
trance by Force and Fire
Building

Carrick on Shannon, County Leitrim,
Ireland, Nov. 10.—A party of
men who are said to have been wear-
ing khaki uniforms, raided the offices
of the Leitrim Observer here last night.
They entered the premises by force,
headed up the proprietor and his sister
with revolvers, wrecked the machinery
and printing plant, smashed furniture
and then set fire to the building. The
flames, however, were extinguished.

The windows of a jewelry store be-
longing to the brother of the prop-
rietor of the Leitrim Observer, were shat-
tered with revolver shots.

PLAN PAPER CONSERVATION

Chicago, Nov. 10.—Preliminary
plans for a paper conservation cam-
paign, with "rational waste and conserve
scraps" as the slogan, were made to-
day at the opening session of the Amer-
ican Paper and Pulp association's
convention. Complete plans will be
announced later. Prices on paper are
not likely to recede for some time,
President S. W. Sisson of Portland,
N. Y., told the convention.

COFFEE TO ADVANCE

St. Louis, Mo., Nov. 10.—An ad-
vance in the price of coffee next year
was forecast by present conditions, ac-
cording to T. Laugaard Manges of
Sao Paulo, Brazil, who addressed the
opening session of the tenth annual
convention of the National Coffee
Roasters' association today.

MEET CLOTHING REDUCTIONS

Chicago, Nov. 10.—Chicago cloth-
ing manufacturers are meeting reduc-
tions of approximately 2 1/2 to 3 per cent
recently announced by eastern whole-
sale dealers. Reports from retailers
also show increased buying by the pub-
lic.

BIG FIRE IN CORTLAND

Cortland, Nov. 10.—Fire tonight de-
stroyed the plant of the Cortland
Grinding Wheel corporation with an
estimated loss of more than \$200,000.
The plant was a large building, and
the fire was caused by a defective
wiring in the machinery.

CLOTHING WORKERS KEEP SHOPS CLOSED

Seven Points to Be Inserted in New
Contract Are Specified by Mem-
bers of Amalgamated Order

PEACE IS SOUGHT

Desperate Last Minute Attempt to
Avert Baseball Estrangement Is
Object of Meeting

New York, Nov. 10.—The clothing
manufacturers' association of New
York announced today its shops could
not be reopened until its employees,
who are members of the Amalgamated
Clothing Workers' union, agreed to
new working and wage conditions
"necessary to the life of the industry."

The announcement was made after
the associations' market committee re-
ported a failure in negotiations with
the workers. The association, in clos-
ing its shops, claimed new conditions
were necessary to further competition
in the market and had down seven
points to be inserted in a new contract.

William Bandler, president of the
manufacturers' association, said nego-
tiations would be opened with the union
at any time they designated and
that the decision of the association to
keep its shop closed would in no way
be a "lockout."

"Conditions have closed our shops,"
he added. "The public wants cheaper
clothes. We want business and our
employees want employment. We can-
not get business until we are able to
make and sell clothing in competition
with other markets. Conditions must
be equalized with other centers before
we can resume manufacture."

The seven points demanded are:
One—The right of the manufacturer
to install piece work.
Two—Scales prevailing in other
clothing markets to be the base rates
for New York workers.
Three—The cooperation of workers
in maintaining individual records of
production in shops and cutting rooms.
Four—Individual standards of pro-
duction for week workers in shops
and cutting rooms.
Five—The right of the manufactur-
er to change contractors.
Six—Adequate freedom to discipline
to hire workers and to introduce
improved machinery.
Seven—The agreements maintained
by the union in other markets in
which adjustment machinery is func-
tioning successfully to be made the
basis of a relationship between the as-
sociation and union.

BASEBALL WAR CLOUDS VANISH

Sixteen Club Owners of Two War-
ring Leagues Agree to Meet
in Chicago Friday

PEACE IS SOUGHT

August Herrmann, representing the
National League, today addressed the
National association of minor leagues.

Before Mr. Herrmann had proceed-
ed very far in his address to the minor
leaguers, he was handed a telegram.
He read it slowly and then announced:
"I told you gentlemen that I had
loved peace in baseball was going to
come in the very near future. I have
just received a telegram advising that
an informal meeting of the 16 clubs
in the American and National leagues
will be held in Chicago Friday."

Herrmann declared that the tele-
gram was signed by the five club own-
ers of the American league loyal to
President Johnson and who refused to
attend the meeting in Chicago when
the formation of a new 12-club league
was completed.

Mr. Herrmann will attempt to off-
set the favorable impression created
among the minor league leaders yester-
day by Ben Johnson, president of
the American league, and George W.
Miller, the American league attorney,
who urged the minors to appoint a
committee of three to meet a similar
committee from the major leagues in
a final effort to avert a baseball war.
Johnson, in opposing the Lasker plan,
told the minor leaguers that the man-
agement of baseball should remain in
the hands of men who have devoted
their lives to the sport, instead of being
turned over to men outside the game.

What action the minor leagues will
take in the major league dispute re-
mains problematical, but it is expected
they will consider both plans in execu-
tion session and then refuse to take
sides in the issue, leaving the threat-
ened war to the major leagues for set-
tlement.

"I do not see how we can be ex-
pected to take sides in this situation,"
said M. H. Sexton, president of the
National Association of Minor Leagues.
"President Johnson, of the American
league, very frankly asked us not to
show any favor to either side. I think
it would be the only fair thing to do.
It is my opinion that the minor leagues
will not give any consideration to the
Lasker plan. We are satisfied to govern
our own affairs, as we have done for
the last two years, at least until some
definite plan for a new national com-
mission, with minor league representa-
tion, is reached."

The proposition made by Johnson to
the minor leagues promising them
equal representation in the formation
of a new national commission, sharing
equal powers with the National and
American leagues, seemed to be favor-
ably received. For a score of years
the minor leaguers have fought for
such representation, but without suc-
cess.

The American league executive char-
acterized A. D. Lasker of Chicago, the
sponsor of the Lasker plan, as "a
man who has not shed his swaddling clothes
in baseball," and asked the minor
league officials to consider "how much
an individual could direct the affairs
of the game or its reformation."

WILL CONTINUE NEGOTIATIONS

Rapallo, Italy, Nov. 10.—By The
Associated Press.—After a long mes-
sage had been received from Belgrade,
the Serbian delegation, through for-
eign minister Trumbach, notified the
Italian delegation today that it was
disposed to continue the negotiations
on the basis set forth by Italy, espe-
cially since Italy had shown good will
by accepting some of the ratifications
to the Italian frontier as originally
proposed. The announcement that
Premier Giolitti would leave here
Thursday to participate in the con-
ference encouraged hopes of a favor-
able issue.

CHICAGO POLICE CHIEF

Chicago, Nov. 10.—Mayor William
Hale Thompson today requested the
resignation of Chief of Police John J.
Garrity, and immediately after receiv-
ing it appointed his secretary, Charles
G. Fitzmorris, chief of the announced
purpose of "ridding Chicago of crooks."

"Garrity did his best, but Fitzmorris
can do better," was the mayor's com-
ment.

MEET CLOTHING REDUCTIONS

Chicago, Nov. 10.—Chicago cloth-
ing manufacturers are meeting reduc-
tions of approximately 2 1/2 to 3 per cent
recently announced by eastern whole-
sale dealers. Reports from retailers
also show increased buying by the pub-
lic.

BIG FIRE IN CORTLAND

Cortland, Nov. 10.—Fire tonight de-
stroyed the plant of the Cortland
Grinding Wheel corporation with an
estimated loss of more than \$200,000.
The plant was a large building, and
the fire was caused by a defective
wiring in the machinery.

Hens Are Quick to Raise "No Food, No Eggs" Sign Whenever Feed Is Overlooked.

Provide the hens with ample nourishment. One of the greatest feeding crimes is to let them get real hungry. Hens raise the "No Food, No Eggs" sign whenever they are neglected in this respect and it is hard to get them to abandon their "laying strike" when they begin it.

No Bubonic Plague Germs on Rats. Tests have failed to show any bubonic plague germs on 9,000 rats caught by trappers in the employ of the United States public health service at Port Arthur, Texas.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect.

DIVES OF WEST
BEING CLOSED

Resorts That Have Bulk Large in Traditions Will Soon Be Only a Memory.

"OWL" IS THE LATEST TO GO

New Government of Mexico Frowns on Gambling and Other Evil Conditions Along the International Boundary—Orders Clean-Up.

Mexicali, Lower California.—One by one the resorts whose names have bulked large in the traditions of the West are meeting an end. Latest to go is the "Owl" at Mexicali, which its operators and officials of the Cantu regime in Lower California freely admitted had paid large sums for permission to operate.

In the Owl were to be found all the attractions that went to make up the typical dance hall of frontier days. The building itself was new, the "old Owl" having been destroyed by fire last February, but the traditions of the place were much the same and those familiar with the older establishment were at home in the new.

A Busy Place. The old Owl was a huge, barn-like structure. Gambling tables and some pool and billiard tables, surrounded by high seats for spectators, occupied its front spaces. Along one side ranged a lengthy bar, where in busy time ten or a dozen bartenders were no unusual sight. Further back was a stage with flimsy scenery, curtained "boxes," that were strongly reminiscent of half a century ago, and a number of plain seats and benches for those not inclined to the expensive semi-privacy of the "boxes."

From near the theater section a passage led to a space surrounded by several hundred small rooms, colloquially known as "the yard," where outcast women lived.

Much of the costly gambling paraphernalia that was used in this old establishment was saved when the building burned and was used later in the new "Owl."

Ordered to Close. September 4, when orders came from Mexico City, where the new government had frowned upon the gambling and other conditions along the international border, to close the place, a dramatic scene was enacted.

Manager Coburn read the order, looked for a moment over the crowd of hundreds, representative of nearly every nationality, and summoned the house police. He gave them hasty instructions and they, starting at the rear of the main room and shouting the word as they went, cleared the place within a minute or two of all except the dealers, lookouts and other employees. Many Chinese, not understanding the order, stampeded through the doors to the street.

The dealers quickly gathered up the big piles of silver coins and the gambling paraphernalia. Soon the arch of lights above the entrance, that spelled out the name of the place, flickered out. The "Owl" was closed.

According to the order from Provisional President de la Huerta, it never is to re-open.

Story "Took Like a Funeral." The hostess suggested that we each tell a funny story. When my turn came I was laughing so hard over the joke I wanted to tell that I could scarcely speak. Every one was anxious to hear it, and at last when I had controlled my laughter I began. No one even smiled when I finished. I was the only one who thought the story funny.—Exchange.

When the Ancients Dined. The ancient Greeks and Romans did not sit up at the table as we do, but reclined round it on couches, three and sometimes even four occupying one couch, at least this latter was the custom among the Romans. Each guest lay flat upon his chest while eating, reaching out his hand from time to time to the table for what he might require. As soon as he had made a sufficient meal he turned over upon his left side, leaning upon the elbow.—Harvard Classics.

Pagoda a Place of Worship. A pagoda is a Hindu place of worship, containing an idol. It consists of three portions—an apartment surmounted by a dome, resting on columns, and accessible to all; a chamber into which only Brahmins are allowed to enter, and, lastly, a cell containing the statue of the deity, closed by massive gates. The most remarkable pagodas are those of Benares, Si-am, Pegu and particularly that of Jugernaut in Orissa.

For Itching Eczema, Old Sores and Piles

"I guarantee my ointment," says Peterson of Buffalo, "to cure eczema; to stop the itching at once and any reliable druggist will cheerfully refund your money if PETERSON'S OINTMENT doesn't do everything I say it will do."

William A. Carter of Franklin, N. Y., is surely a wise man. He writes: "I used PETERSON'S OINTMENT on a little boy who was suffering terribly from eczema. It did the work."

Then there is Alex. Lantel, a brave man of Buffalo, who is glad to write as follows: "I had an old sore on my leg for many years. The best doctors failed. PETERSON'S OINTMENT entirely healed the sore quickly." And from over in Canada comes a letter from A. Blockley, stating: "The best thing I ever hit for itching piles is PETERSON'S OINTMENT." DAY ON MARKET ONE
OF UPS AND DOWNS

Firm at Active Opening, Session Becomes Weak at Midday, But Rallies in Later Dealings

New York, Nov. 10.—The stock market was firm at the active opening of today's session, becoming noticeably weak at midday, and rallying vigorously in the later dealings, when confident buying of rails, oils and equipments caused urgent short-coverings and effected pronounced readjustment of quoted values.

Sentimental reasons for the sharp reversal at noon were provided by the publication of the United States Steel corporation's October tonnage report, showing a very large decrease in unfilled orders from the preceding month, and announcement of suspension of the extra dividend on American sum-

These incidents gave the bears an excuse for resuming aggressive operations. Leaders in the industrial and specialty groups reacted one to six points to new low records for the year, while United States Steel fell another fraction to 82½, another new low for three years.

Another factor in the late rebound was the easing of money rates, call loans falling back to nine percent, after attaining to the usual maximum of ten percent. Time money ruled at eight percent on time collateral, with freer offerings.

Foreign exchange was another encouraging feature, the rate on London making a further recovery to almost seven cents over the low of last Monday, with variable rallies in remittances to the continent, although French exchange lagged.

Individual stocks most affected by today's temporary setback included Mexican petroleum, Crucible steel, shipping, sugars, and tobaccos, but in the majority of instances losses were replaced by substantial gain at the close.

Bonds moved uncertainly during the greater part of the day, but came forward with the stock list toward the finish, most Liberty issues scoring net advances. Old United States bonds were unchanged on call.

TAKE CARE OF YOUR HEALTH

If Your Blood Is Weak and Clogged
with Poisons, Pepto-Mangan Will
Strengthen and Purify It

When you get over-tired day after day, your system has to get rid of so much waste it can't create new energy fast enough. The result is that your blood is filled with waste matter. It becomes clogged. You are trying to get around with a lot of poison in your system. You look bad, you feel poorly. You get out of patience easily. Ambition is lost. You just don't care about anything. That is no way to live. Your blood needs help for a time. It is starved. You will find help in that fine tonic, Pepto-Mangan. Pepto-Mangan purifies the blood and fills it with red corpuscles. In a little while you'll have plenty of rich, red blood and you won't know yourself. It isn't a magic medicine. It contains iron and other ingredients that feed starved blood and make it rich and red. Physicians have prescribed Pepto-Mangan for years. Pepto-Mangan is sold in liquid and tablet form. Take either kind you prefer. One acts the same as the other. Both contain the same ingredients. But be sure to get the genuine Pepto-Mangan—"Gude's." The full name, "Gude's Pepto-Mangan," should be on the package.

WORCESTER MASS MEETING.

American Legion Arranges for Patriotic Service Sunday Evening.

Worcester, Nov. 10.—A patriotic meeting under the auspices of the local American legion will be held Sunday evening in the waiting opera house. The address will be given by Captain Kelly of the 56th artillery company. The members of the legion will be escorted to the hall by the band, when a short concert will be given.

Rays Interest in Market.

R. W. Davidson, proprietor of the Central meat market, has sold an interest in his business to Harley Bennett of Schenectady, who will take possession as soon as he can dispose of the personal property on the farm where he now resides. Mr. Bennett has had several years experience in the mercantile business in East Worcester and Worcester. He will reside in a flat over the market.

Republican Rally a Success.

The celebration held in this village last Saturday was a grand success. The parade was led by Uncle Sam, followed by the Worcester band and about 40 ladies carrying banners representing the states giving a Republican majority in the recent election. Several bands followed, conspicuous among

which were the Schenectady County Democratic machine, the League of Nations and the remains of Tammany Tiger. A fine display of fireworks and the patriotic airs played by the band added much to the enjoyment of the evening.

RED CROSS MEETING.

Millford Branch to Elect Officers—Potato Price Advances.

Millford, Nov. 10.—A meeting of the Millford branch of the Red Cross will be held at Firemen's hall on Friday evening at 7:30 o'clock. This meeting is for the election of officers and such other business as may come before the meeting. Everyone interested in the Red Cross is requested to be present at this time. This is in place of the annual meeting which was called last month and postponed due to lack of interest.

The Potato Market.

Potatoes have advanced here in the last few days from \$1.25 to \$1.50 per bushel. While several loads are delivered every day, most of the farmers are storing their crop for higher prices.

WEST ONEONTA SCHOOL FAIR.

Junior Project Awards Made to Successful Students.

West Oneonta, Nov. 10.—A school fair was held at the West Oneonta school house Tuesday afternoon; pupils from the following districts attending: District No. 7, Miss Gladys Potter, teacher; district No. 8, Miss Alice Thomas, teacher; district No. 9, Miss Thresa Noble and Mrs. Leda Gifford, teachers. Many of the parents and friends of the children were present and much interest was shown in their work. An interesting program was given by the pupils of the three districts, after which Superintendent Frederick presented the prizes, which were awarded as follows:

Potato—1st, Howard Leggett, Dist. No. 7; 2nd, Maurice Hotelling, Dist. No. 8; 3rd, Emerson Comstock, Dist. No. 9.

Garden—1st, Flora Boyce, Dist. No. 7; 2nd, Margaret Young, Dist. No. 9.

Prayer Meeting.

Prayer meeting at the First Baptist parsonage Thursday evening. All are invited.

Music Study Club.

The November meeting of the Music Study club will be held at the home of Miss Jessie Jenks Saturday afternoon at 2 o'clock. Mrs. R. C. Bilderbeck will give an account of the life and music of Schubert, after which some of his songs and piano composition will be rendered.

MORRIS AND VICINITY.

Enjoyable D. A. H. Meeting Held With Mrs. A. H. Nichols.

Morris, Nov. 10.—The regular monthly meeting of Teanderrah chapter, Daughters of the American Revolution, made up of people in Morris, Gilbertsville, Mt. Upton, Rockdale and Rockwells Mills, was held with Mrs. A. H. Nichols last Saturday afternoon. There were about 50 present from the above towns and the meeting was an enjoyable one. The program was a very interesting one and was as follows: Paper by Mrs. Fiske, "Pilgrims," poem by Mrs. Case, "Landing of the Pilgrims," reading by Mrs. Cope, "D. A. H. Magazine," reading by Mrs. Shaw, "Historic Morris." The roll call was quotations from the "Courtship of Miles Standish."

The hostesses were Mrs. Albert H. Nichols, Mrs. R. R. Ripley, Mrs. W. W. Sanderson, Miss Gertrude Washburn, Miss Mary Thorpe and Mrs. Mary Kenyon.

Notes From the Library.

The report of the librarian of the Kenyon Free library for the month of October makes a good showing. There have been received from the American Library association 115 books, mostly non-fiction, such as historical, biological, mechanical and agricultural subjects. There have also been received 61 books from different people of the village.

There were loaned from the library during the month 530 books, 14 non-fiction, 235 adult, 51 juvenile fiction and 42 magazines. This shows that the library is very well patronized by our people and is getting to be one of the prominent institutions of Morris.

Entertainment Course Opens.

The opening entertainment of the Morris High School course was given last Friday evening, when the National Male Quartette gave an enjoyable entertainment in the parish house to a large audience, the hall being quite well filled. Each number on the program was enjoyed, the program being varied and interesting.

The next number on the course will be the Ginstone Girls on Monday evening, November 29. The other

Wright of New York, proprietor of the Delaware house, is spending a few days in town.—Govern brothers are repairing the Govern block, Railroad avenue, and get it ready for tenants.

The funeral of Mrs. Irving Cornell was held from her late home, River street, Tuesday afternoon. She was a member of the South Jefferson Baptist church and was highly respected by all and leaves a large circle of friends to mourn her passing. — Mr. and Mrs. J. G. Jarvis, who occupy rooms in the Yanson building, Main street, will move to Kingston the latter part of the month.—Another auto collision occurred Thursday night at the intersection of Delaware and Main street, near the Delaware house. A Ford car coming up the Delaware street hill collided with an auto truck passing on Main street. Both cars were somewhat damaged. — Alterations and improvements are being made to the Mirror-Recorder office, and a concrete foundation placed in the building for the new Optimus cylinder press.

Truthful Comment.
A merchant recently placed an automatic weighing machine in front of his store. A few days afterward a citizen was observed standing on the machine and closely scrutinizing the dial. His hat was in his hand, although the thermometer marked a low temperature and a passer-by asked him why he had his hat off. "I want to see what I weigh without my outdoor garments," said the citizen blandly. His interlocutor walked away muttering: "He would not weigh much less if he took his head off as well."

Getting Sense.
There comes a clear day when one realizes that clothes are to keep the weather off you, that food is to give you health, that home is shelter and inspiration; that, aside from being clean and inoffensive, one's personal appearance does not signify very much; that the main thing in life is to be going along toward the goal of your ideals. That isn't getting old, it's getting sense. From then on Time is not master, but friend.—Collier's.

Joint of Stovepipe and Wooden Box Make Convenient Device for Feeding Dry Mash.

An easy way to make a hopper for feeding dry mash to poultry is with a joint of stovepipe and a wooden box, 10x10x4 inches. Set the box on the floor and hang the stovepipe from the roof so that it is about 1/2 inch from the bottom of the box. Fill the pipe with the dry mash. It will feed down into the box as the chickens eat it out.

Many "Firsts" for This Boy.
Louisville, Ky.—Claude Blanton, aged twelve, has never seen the sun light up the valleys of Magoffin county, for he is blind. In coming to Louisville for treatment he rode on his first train, and thought he was going a mile a minute; he ate his first ice cream; he had his first street car ride and his first ride in an elevator. United States public health workers hope to give him sight.

COST OF THREE HOLIDAYS.

For what was perhaps the first time, certainly in recent years, the anthracite miners were idle on election day, November 2, the miners having voted a holiday. This caused the bunching of three holidays within less than one week and a consequent loss of tonnage. The three days lost were: Mitchell day, October 29, All Saints day, November 1, and Election day, November 2. The amount of tonnage lost, according to preliminary figures based on accurate returns from fifteen leading producers, and calculated on the regular daily average of production, was 714,125.

These 714,125 tons lost were comprised of 512,409 tons of domestic sizes and 201,729 tons of steam coal. Of the latter, 25,000 tons, in round numbers, was buckaheat No. 1, a size much used in offices and apartment houses, especially in New York city. The total loss of household coal therefore was 540,409 tons. On a basis of ten tons a year to a family, and five persons to the family, the loss would have been sufficient to have cared for a city of more than 200,000 inhabitants for a year.

Owing to transportation difficulties early in the year following the outburst of the anthracite strike, the "vacation" of three weeks taken by the anthracite miners following the wage award of the United States Anthracite commission, the distribution of anthracite has been disturbed, and from some cities, notably New York and Washington, have come complaints that they have not received to date as much anthracite as received to corresponding dates in former years.

The amount of production lost in the three holidays mentioned would have been sufficient to have made up the entire reported shortage in New York, would have in addition cared for what Washington reports is its shortage to date, and would have left enough over to supply several thousand additional families with sufficient domestic anthracite to keep them running a year.

CITY GAS DISAPPOINTS.

But Still Miss Short Was Able to Give Fine Cooking Demonstration.

The demonstration on meats and meat cooking at the Woman's club rooms Wednesday afternoon was seriously handicapped by lack of gas, there being no fire possible in the range at times. The members of the club keenly felt the disappointment when such an opportunity as yesterday was offered had of necessity to be foregone.

The demonstrations arranged for were crown roast of lamb, curried veal and Swiss steak, but on account of the lack of gas the first-named dish could not be prepared. The following is the recipe for

Swiss Steak:

One and a half pounds of steak, cheap cut may be used; 2-3 cup flour, 1½ teaspoons salt, 1 pepper, 1 onion, 1 cup tomatoes. Pound flour into meat, saute on both sides in small amount of fat. Salt, add tomatoes, chopped pepper and on oil and 1 cup of water. Simmer for ½ hour. Remove meat to the platter and serve with the sauce.

The Factory Record, a Monthly.

The Factory Record, which formerly was published "once in a while" by the International Time Recording company at Endicott, has taken strong hold on life and hereafter will be printed regularly on the 15th of each month. It is a 16-page paper, well printed, and, best of all, well edited. The editor, by the way, is Edgar R. Moore, former editor of the Star, who for the past two years has been with the I. T. R. company and who to his other duties adds that of getting out the Record.

Mr. Moore, who is making a genuine success of the Endicott paper, was formerly the editor of the Hamilton college paper, and for a time was with the Star. The same excellent qualities which marked his work here and at Clinton distinguish him as he is doing on the Record. The paper is breezy, newsy and thorough up-to-date.

Arrested for D. & H. Lumber Theft.
A Russian laborer, giving the name of Wase, R. 100, of 25 West Broadway, was arrested yesterday morning by D. & H. Detectives Stapleton and E. M. charged with petty larceny. According to the officers much of the lumber that the D. & H. has been passing from its yards lately, came into the hands of this man. Detectives found a quantity to the charge and Judge T. J. sentenced him \$25. He told him to keep away from the lumber yards in the future. Wase said he would.

Miss Short to Attend Conference.
Miss Nena V. Short, county tuberculosis secretary, leaves today for Syracuse, where on Saturday she will attend a Christmas Seal conference of the secretaries of the state. From Syracuse she goes to her old home at Wingate, Ind., where she will remain for a few days before returning to Oneonta.

JUNIOR PROJECT WORK

Fairly Held Today and Saturday of Last Week at Hartwick Seminary and Fly Creek.

One of the most interesting Junior Project and school fairs was held at Fly Creek in connection with the grange on Saturday afternoon and evening, November 6. Workers were present from many of the schools in the town of Oneonta and from Hartwick, District No. 2, at Toddsville. In all, there were about 60 boys and girls present and as many adults.

Produce Exhibited.

For the first year, a splendid exhibit was organized by the children. Many workers in the poultry, garden, potato and canning work had excellent material. The judges found difficulty in readily placing the awards. The following were given the prizes in the various classes:

Division A, Poultry—1st, Loomis Wood; 2nd, Robert Carr.
Division B—1st, Maynard Beagle; 2nd, Mabel Shute.
Division A, Garden—1st, Hazel Bliss; 2nd, Helen Turner.
Division B—1st, Frances Tercek; 2nd, Roger Chamberlain.
Division A, Potatoes, Tuber Unit Method—1st, John Tercek; 2nd, Kenneth Jackson.
Division B, 4-acre—1st, Harvey Harrison; 2nd, Jenny Tercek; 3rd, Orrin Stickle.
Division A, Canning—1st, Myrtle Pierce; 2nd, Jean Turner; 3rd, Florence Wilson.
Division B—1st, Jane Simons; 2nd, Harvey Harrison; 3rd, Mildred Wheeler.

Orman Taylor brought in his superb Guernsey heifer. She is a splendid representative of the breed and is the beginning of quite a lot of interest in the Calf Club work in this section. Other produce and stock was exhibited by the children. Several schools displayed work as being carried on in their respective districts.

The grange gave a splendid supper to all the children and teachers. This was a big feature of interest for the boys and girls. The grange also contributed the prizes for the several classes of projects. Many parents and friends pronounced this a gala day for the youngsters.

Previous to supper, games and athletic events entertained all present. Following this, the children gave a most interesting program which was closed with a few brief remarks from the county leader. The interest shown by everyone assures a larger and better day for another year.

Hartwick Seminary.

On Friday afternoon, November 5, the children in District No. 1, Hartwick, taught by Miss Lina Potter, had a grand time with their school and Junior Project displays.

The boys and girls, in addition to a fine exhibit of school work, had on display a calf, two sheep, garden produce, baked goods, sewing, earning, etc. Prizes were awarded by the district. Interest was keen and every assurance given for even a stronger fair next year.

In addition to the above, Charles Todd, the local leader for the Club work, had a most interesting display, correctly named, of apples. This served to vividly set forth to all present the need and value of such things for educational purposes.

FOUND GUILTY OF ASSAULT

Frank Bevin, Alleged to Have Mal-treated Wife, Fined \$25 After Jury Trial in City Court.

Although Mrs. Frank Bevin said nothing out of the way had happened at her home on the night of October 11 last, the jury in city court yesterday morning that was called to try her husband on a charge of assault in the third degree, decided otherwise and as a result Bevin was fined \$25.

On the night in question, Chief Horton received a munny tail to the Bevin house on Gilbert street, where considerable of a disturbance was said to be going on. When he reached the house, he found Mrs. Bevin in a hysterical condition, with blood running from her mouth, and her face badly battered. The woman said that Bevin had given her a severe beating with his fists and as a result of being unable to defend herself from his blows suffered considerably. There were marks on her throat that would indicate that Bevin had tried to choke her, the police say, and her face was swollen from the blows rained on her by the frate husband.

After giving first aid attention to the injured woman, the police brought Bevin to headquarters and the following morning he was arraigned before Judge Frank C. Huntington on an assault charge. Bevin denied that he had misused his wife and pleading not guilty demanded a jury trial, retaining Attorney Claude V. Smith as his counsel.

The trial yesterday morning did not consume a great deal of time, most of it being devoted to the hearing of evidence, Chief Horton and other witnesses taking the stand to tell what they knew about the case. Prosecuting Attorney L. D. VanWoert appeared for the people, while Mr. Smith represented the accused man. Mrs. Bevin asserted in the court room that everything was peaceful at her home the night her husband was arrested, but the jury evidently thought that Chief Horton's story of the condition he found her in could be relied upon, and returned a verdict of guilty as charged. When Bevin afterwards was brought before Judge Huntington for sentence, he was fined \$25 and ordered to be more considerate in the treatment of his wife in the future.

HARPERSFIELD MAN WINS SUIT.

Jury Awards Him \$835 in Action Brought Against Arthur M. Butts.

William J. Gilmore of Harpersfield was awarded a verdict of \$835 in supreme court at Delhi yesterday, in his action against Arthur M. Butts, the local automobile dealer. According to the story told by Gilmore, he and his brother purchased a second-hand Ford auto truck of Mr. Butts early this year, and after using it a short while found that it was in poor condition and not as represented to them. Mr. Gilmore said he then returned to Oneonta with the car and gave it back to Mr. Butts with the request that the purchase price be refunded to him. This Mr. Butts refused to do, according to Gilmore, stating that the deal had been fairly entered into and was now a closed incident.

The Gilmore being unable to recover the money paid Mr. Butts, they instituted a suit to recover and the trial came up in supreme court at Delhi last Monday. A great deal of evidence was taken on both sides, and it took up so much time in court that the case was not finally submitted to the jury until Tuesday night. During the night, the jury brought in a sealed verdict and when it was opened at the reconvening of court yesterday morning, it was found that the plaintiff, Mr. Gilmore had been awarded \$835, the price paid Mr. Butts for the car. Court adjourned for this term yesterday afternoon and Justice A. L. Kellogg, who presided, returned to his home here last evening.

Films Tell Missionary's Story

Scenes from "Miracle Money," a church missionary film.

CHURCHES have found a new way to show the triumphs and tell the needs of their foreign missionaries. The motion picture long has lain idle as an instrument of the church. Now it has been adopted, clergymen and laymen have organized a movement to produce films for churches. Biblical films will be used in Sunday services and dramas, comedies, travelogues, and educational films, all of a high moral tone, at week-day recreational or community meetings.

"Miracle Money," produced by this organization, the International Church Film Corporation, is the story of a missionary's dream of what he could do in his Chinese field with ample support from his congregation. Alex Spindler, superintendent of the local plant of the Nestle's Food company, has just been advised of the sixth annual contention of plant superintendents of the company, to be held at the home office in New York city, November 29 to December 3, inclusive, and is planning to attend the meeting at that time. There are more than 40 plants of the Nestle's Food Company, Inc., located all over the country.

DEFER CHILD WELFARE DRIVE.

Directors Postpone Oneonta Campaign Until November 22, 23 and 24.
 At a meeting of the Oneonta directors of the Otsego County Society for the Prevention of Cruelty to Children, held last evening at the Citizens' bank, it was decided to postpone the campaign to raise funds until the week of November 22. The directors had originally planned to conduct the drive today, tomorrow and Saturday, but owing to the fact that the Red Cross roll call gets officially under way today, it was thought best to defer the campaign until a later date, so as not to interfere in any way with the great humanitarian organization's movement.

The city's quota in the child welfare drive has been fixed at \$750, and this is only a part of the sum to be raised throughout the county for the conduct of this noble work. Some towns have reported over-subscriptions already, and all indications point to the fact that the people appreciate the work that the organization is sponsoring.

The Oneonta campaign will therefore be conducted on November 22, 23 and 24, when canvassers will cover the city in a house-to-house solicitation. The city has been divided into five districts and it is hoped and believed that the canvassers will be cordially received by our citizens and material assistance rendered the society.

WHO WILL CARRY MAILS?

Must Carry to Trolley Station as Well as D. & H. Depot.
 Postmaster Charles J. Beams is asking for bids for carrying the mails between the post office building and the railroad stations. Formerly the railroads were required to deliver mail at the post offices, where the latter were not more than 80 rods from the station. Since July 1, the post office department has been obliged to secure and pay for the movement of mails between stations and post offices.

Recently, the trolley company has secured a steam road rating and after Dec. 11 it is understood that the post office department will provide for the delivery of mail between that company's station and the post office building.

Bids for carrying the mails to both stations should be in the hands of Postmaster Beams on or before Nov. 15th, in order that they may be reported to Washington and contract closed prior to Dec. 1.

The Invisible Eclipse.
 Despite the positive words of the almanac, there was no eclipse of the sun in Oneonta yesterday "visible" from 8:56 to 11:04 a. m. Eclipse there may have been, but as nobody in Oneonta had a balloon or airplane where-with to get above the clouds, there was no sight of the solar phenomenon. Just a few minutes before eleven, the skies temporarily cleared and the sun was shining in Oneonta for a few minutes, but the eclipse was so near an end that it was not possible to catch sight of it.

Price of Coal in Oneonta.

Rumors having been afloat as to a considerable increase in the price of coal in this city, inquiry was made yesterday of the Oneonta Coal and Supply company. In reply it was stated that the company had received no notice of advance and that the figures still remain as during the present summer—\$12.75 for chestnut and stove, \$12.45 for egg coal.

WILL SEEK MORE MEMBERS

ANNUAL MEETING OF OTSEGO COUNTY FARM BUREAU AT ONEONTA THEATRE, NOV. 22.

S. L. Strivings, President of State Federation of Farm Bureaus, and Miss A. E. Brigidon of Marathon, President of Home Bureau Federation, Among the Speakers.

On Tuesday, November 23, at the Oneonta theatre, will be held the annual meeting of the Otsego County Farm Bureau, with the annual meeting of the County Home Bureau held at Municipal hall in the morning and a joint meeting of both organizations at the theatre in the afternoon. E. H. VanSok, county agent, reports that they have been successful in securing co-ordinated speakers for both sessions and it is hoped that the event will attract many members from all parts of the county.

At the joint meeting in the afternoon, S. L. Strivings of Castle, president of the New York State Federation of Farm Bureaus, and Miss A. E. Brigidon of Marathon, president of the State association of Home Bureaus, will be the principal speakers. Both are in demand and as the heads of the two federations are prepared to speak with authority and force.

At the morning session of the Farm Bureau at the theatre, the officers of the county organization will make their annual reports, as will also the Breeders' clubs and other affiliated organizations. J. Corvill, representing the State Farm Bureau office at Ithaca, will speak and will have an interesting address. At the morning session of the Home Bureau of the county at Municipal hall, the speaker will be Miss Esther Snook of Ithaca, connected with the Home Bureau work.

For ten days prior to the annual meeting, or from November 26th to 30th, an intensive campaign will be waged throughout the county for membership in the county organization. Last year, owing to the increase in the annual dues from \$1 to \$2 and some inactivity it is feared on the part of the local committees, the membership was not kept at the front of county organizations in the state. Oneonta city fell off with the rest, dropping from 115 memberships to 85.

Active campaigns are being arranged by the town committees and it is hoped to put the membership ahead of all previous records. Frank McFee and M. G. Keenan have the matter in charge for the city of Oneonta and they are calling to their aid a number of the energetic young workers who it is hoped will be able to put the city well over the top with 200 or more members from the city.

At the annual meeting at the theatre in the morning, a new constitution will be submitted which will, if adopted, make the local organization conform with the state and the other county organizations. It will provide for equal suffrage. It is expected.

INSPECTING CITY SITES

D. & H. Industrial Agent Makes Survey of Available Oneonta Property for Manufacturing Purposes.

An inspection of several available industrial sites in Oneonta was made yesterday afternoon by John R. Ablett, traveling industrial agent of the Delaware and Hudson, accompanied by Secretary Everett Hicks of the Chamber of Commerce and Charles J. Vandusen, local real estate dealer, the latter having been elected a member of the Chamber Monday evening. Among the sites visited was the old Tichenor-Culver iron works and other unoccupied lots along the railroad tracks at East End.

While no definite parties are being negotiated with for the occupation of these sites by any new industries, all available information is being gathered by the Chamber of Commerce concerning possible industrial locations and these facts are being presented to concerns who might be interested in establishing a branch here. The information is also being turned over to Mr. Ablett for use by the industrial development department of the Delaware and Hudson, which receives many inquiries for available industrial sites along its tracks.

In order to make this compilation of facts complete, Secretary Hicks has requested that all owners of vacant sites, situated favorably for shipping facilities, send an adequate description of the property and statement of terms asked to the Chamber of Commerce. Information about floor space in buildings already being used for industrial purposes is also desired.

We handle Blue Point oysters at Palmer's grocery. Just received a fresh shipment.

ARMISTICE DAY IN ONEONTA.

No Public Observance Is Planned of Memorable Event Two Years Ago.

It was two years ago this morning at 4 o'clock that the news that the world war was over reached Oneonta over The Star's Associated Press wire, and sent the city into undoubtedly the most frenzied celebration of its history. The scenes of that chilly November morning, with bonfires ablaze, will be recalled by many Oneontans today on the second anniversary of the memorable event. Although the day has not yet been made a legal holiday in New York state, many communities will celebrate it as such today. After a discussion of the matter in Oneonta several weeks ago, however, it was decided that there was not enough interest to warrant any kind of public observance here, and business plays and schools and other public institutions will be open as usual. In Sidney and other nearby villages, American legion posts are planning celebrations.

Reports were current about the streets at a late hour last night that numerous young men had decided the event would not go by unheeded and had planned an impromptu celebration for early this morning. No one would profess to know of the detailed plans, however, but "citizens are awakened from their slumbers this morning they will know the cause."

The only public observance akin to Armistice Day will take place on Sunday evening at the First Presbyterian church, when a union memorial service will be held. Further reference to this service is made elsewhere in this issue.

"ADAM AND EVA"

Up-to-the-Minute Comedy at the Oneonta Theatre Tonight.

"Adam and Eva," a typical American comedy novelty by Guy Bolton and George Middleton, and produced under the management of F. Ray Comstock and Morris Gest, will be the attraction at the Oneonta theatre tonight at 8:15.

Few comedies written and produced in the past decade can compare with "Adam and Eva," which was penned with one object in view, pleasing entertainment. The play, decidedly American and up-to-the-minute, possesses a theme of unusual interest, which keeps one in fits of laughter from start to finish. The dialogue is so bright and crisp, the situations so exuberantly funny, that explosions of laughter follow in rapid succession. To add to the effectiveness of the play, a pretty love story is interwoven, which besides being amusing suggests close to the heart. The cast selected to interpret "Adam and Eva" is exceptionally strong, including Miss Lois Bolton, one of the best known comedienne of the present day, Coats Gwynne, Charles E. Bird, Charles Horn, Miss Rosemary Hilton, Frank H. Knight, Miss Adelyn Wesier, Fred C. Palmer, Miss Ramona Weaver and Paul Bell.

IN MEMORY OF HEROIC DEAD

Union Memorial Services Will Be Held at First Presbyterian Church Next Sunday Evening — Legion to Attend in Body.

In compliance with a proclamation recently issued by President Wilson, the churches of Oneonta will observe next Sunday as Memorial Sunday, in memory of the young men and women of the United States who sacrificed their lives for the cause of humanity during the World war. All churches in the country are urged in the President's proclamation to have a part of their services devoted to the memory of the country's heroic dead, and the American Legion will be active in carrying out the plan. As next Sunday will also be observed as Red Cross Sunday, the services can be combined together very appropriately.

Oneonta's observance of Memorial Sunday will take place Sunday evening at 7:30 o'clock at the First Presbyterian church, when a union service of the Protestant churches of the city will be held. Although the service was originally planned by Dr. Russell as a young people's rally, to be addressed by a Christian Endeavor worker, part of the service will be devoted to a memorial for the soldier dead. The local post of the American Legion will attend the service in a body.

The principal speaker of the evening will be Adon Brownell of Pittsburgh, son of Dr. A. B. Brownell of this city, who will give a talk on his work among Christian Endeavor societies in Pennsylvania, in which he is deeply interested. Adon is one of Oneonta's "boys" who has made good in outside fields of endeavor, and his friends here will be glad of this opportunity to hear him tell of the work he is engaged in.

All Protestant churches of the city will unite in this service, so no doubt there will be a large attendance. All members of the American Legion, and other ex-service men, are requested to meet in front of the post office at 7:20 o'clock Sunday evening to attend the service in a body, a section of the church having been reserved for their occupancy.

Births.

Born, Wednesday, to Mr. and Mrs. John Abbott of 16 Ann street, a baby girl, who has been named Emma May Abbott.

Born, November 5, to Mr. and Mrs. Kenneth Kalskern, of 10 Thorn street, a son, William Kenneth.

Born, Nov. 6, at Sioux Falls, South Dakota, to Mr. and Mrs. Floyd J. Crasper, a son, Floyd Gardner Crasper. The mother, formerly a well-known nurse of Oneonta, will be better recalled as Miss Frances Zeh.

MOTHERS-DAUGHTERS DINE

Mother and Daughters of First Baptist Church held Banquet—Served by the Ladies' Guild of the St. James' Church—185 in Attendance. Last evening, the mothers and daughters of the First Baptist church held a banquet in the dining room of the church, which was one of the most successful that has been held in a number of years. The banquet was prepared and served by the Ladies' Guild of the St. James' church, who deserve much credit for its success. There were 185 seated at the tables. Preceding the banquet, which was held at 7:30, an excellent musical program was given in the prayer room of the church, which was opened by a violin solo from Beethoven, rendered by Miss Dorothy Koch. Miss Koch also gave the second violin solo from "My Isle of Golden Dreams," which was greatly enjoyed. She was accompanied by Mrs. Kendal Dunn on the piano. Mrs. Dunn rendered a delightful piano solo taken from "The Ancient Mariner," which was followed by another violin solo by Miss Koch. Following the above program, the mothers and daughters passed to the dining room. Before being seated, the doxology was sung by those in attendance. The dining room was beautifully decorated for the occasion and the tables were decorated with white and pink. Lighted candles on the tables added greatly to the appearance. Mrs. C. A. Ferguson was the acting toast mistress. Immediately following the last course of the banquet the following toasts were given: To the Mothers, by Mrs. Mildred White; To the Daughters, by Mrs. W. I. Bolton; Our Opportunities, by Mrs. Eber Angier; Our Responsibilities, by Miss Mildred Peck. Two readings were given by Miss Esther Sherman, who used as her topics, "He Was There and I Was There" and "A Lock of Hair." Mrs. W. S. Wilson gave an address on "The Need of Christian Mothers in Our Home." The above addresses were greatly enjoyed and much credit is due to the speakers. The evening was closed with the singing of "America," after which all departed expressing an enjoyable evening.

Miss Johnson Undergoes Operation.

Miss Eva Johnson of Gilbertsville was in this city this week and underwent an operation for adenoids and enlarged tonsils. The operation was performed by Dr. O. C. Tarbox, assisted by Dr. Fox of Gilbertsville. Miss Johnson returned to her home yesterday.

Woman's Auxiliary Meeting.

Yesterday afternoon, about 20 members of the Woman's auxiliary of the St. James' church enjoyed the afternoon at the home of Mrs. A. W. Carr, 43 Ford avenue. The afternoon was spent with a short program and sewing.

W. C. T. U. Gathering.

There was a fair attendance at the W. C. T. U. meeting, which was held at the home of Mrs. Babee, 133 Main street, yesterday afternoon. The regular routine business was discussed and reports of the State convention were given.

The Soil Robber

Is the renter a criminal? There are plenty of people who will tell you he is. They'll say he's a blight, a national menace, a land-looting lubber who is ruining the country. On the other hand, there are folk like William Johnson, whose searching article on tenantry is coming in an early issue of

The COUNTRY GENTLEMAN

He says it's time we were getting a correct view of this important question—and then he carefully outlines that correct view.

He shows how tenantry has become almost the only way to land ownership in these days when land is high. He shows that the tenant, on the average, is a farmer of ability, who is enriching the farm he hopes some day to own, not a soil robber who sees no further than immediate cash returns. You'll be interested in this splendid story—if not as a landlord or tenant then as a friend of good farming practices. And you'll be interested, too, in the many other articles on tenantry that will come to you in the next 52 weeks, along with sound guidance on every other farm problem and entertainment for the whole family—if you send me \$1.00 today.

Oh, What a Helpful Infant Shop

JUST a remark that we overheard the other day. Yes, That is exactly what we intend this Infants' Shop to be, and we've given a lot of time and thought to making it so.

Whether you are just looking for some little gift for the new baby, or are seeking advice for some things for the Layette, or desire a complete Layette—well, you'll get just the right kind here in this infants' section.

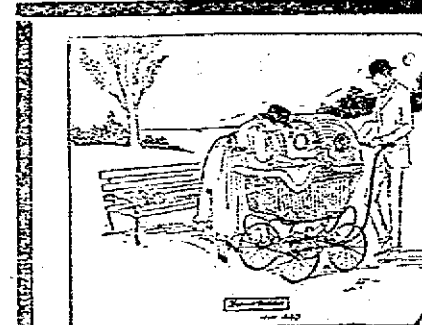

EVERYTHING FOR THE BABY

Each and every article that is essential for baby's first outfit is assembled here. These selections are provided by experts who choose exactly the right things, and display remarkable taste in assembling the choicest and daintiest kinds.

Most mothers find it more satisfactory to select from full varieties, according to individual preference, instead of buying a ready-made layette.

Accordingly we have made our stocks most complete and attractive, including every article of apparel, pads, robes, sheeting and all accessories, even to bath thermometers and the purest Castile soap.

The Infants' shop provides every need for the wee baby, and up to 6 years old.

GARDEN IN THE INDIAN OCEAN

Rev. R. A. Forde, Business Forthrightly Club Membership With Personal Experiences in British South Africa.

The second meeting of the Forthrightly club for the current year was held last evening at the home of J. F. Thompson esq. on Ford avenue. There was a good attendance of the members, all of whom listened with close attention to a narrative of personal experience by Rev. R. A. Forde, rector of St. James' church of this city. In earlier life, Mr. Forde was for three years a teacher in South Africa and his address, which had for its title "A Garden in the Indian Ocean," dealt with the province of Natal, on the southeast coast of the dark continent.

Beginning with a description of the voyage from his native England, Mr. Forde told in easy narrative style of his experiences in the colony itself, of the various tribes, the history of the country from the advent of the Europeans, the peculiar language, the trees and plants, the vegetables and fruits and grains, the birds and beasts and fishes and creeping things which make up the flora and fauna of a land as remote and wonderful to us perhaps as our own would be to the inhabitants of Natal. The close attention which his address received was evidence in itself of how thoroughly the

members of the club enjoyed a paper which spoke of far-off and unknown things.

Following the paper, which occupied about three-fourths of an hour in delivery, there was the usual discussion, occupying perhaps as much longer. The forty-five minutes, however, differed from the usual like period in that the time was very largely given up to questions and answers. Mr. Forde generously and quite fully responding to numerous queries relative to a land which more nearly than the customarily-referred-to China is our antipodes.

At the close of the meeting, delicious refreshments were served, and over the coffee the discussion which earlier was begun was continued informally until the stroke of 11 brought the customary hour of adjournment.

The next meeting of the club will be held November 20 at the home of F. J. Ives. The speaker will be Dr. M. E. Brownell, whose theme will be "Sri Lankan Politics, Past and Present."

W. H. Widger of Laurens will finish cider making this Saturday and all of his first patrons are entitled to a gallon extra for each 100 pounds of apples. Come and get it.

VALUABLE ROWING TROPHIES LOST IN CLUB HOUSE FIRE

New York, Nov. 10.—Fire last night destroyed historically valuable rowing trophies and shells in the club house of the Old Atlantic Boat club, now located on the Harlem river. The club was founded by ferrymen who rowed the passengers across the Hudson river. Mrs. John Mause, wife of the steward, found overcome by smoke, was rescued by a policeman from the second floor of the club. Most of the club trophies are kept in a safe deposit vault, but about a dozen cups, plates and statues were destroyed.

KILL TWO POLICEMEN.

Dublin, Nov. 10.—A police motor patrol, which was ambushed Monday afternoon, reversed the usual result of such attacks by the policemen killing two of the attacking party, wounding one and taking two prisoners, according to the official report of the occurrence. The police suffered no casualties.

Supervisors Hear Petitions for Assessments and Report of Coroner Sloan at Yesterday's Session — Also Call for Bids on Printing Minutes and Proceedings, Which Will Be Opened Friday Morning.

Cooperstown, Nov. 20.—The board of supervisors today accepted principally on committee work. At the regular session, petitions for assessments were read by the clerk, the report of Coroner S. A. Sloan of Worcester was read, and a resolution was passed calling for bids for printing the minutes and proceedings of the present session.

The following petitions for assessments were read by the clerk and referred to the proper committees: Town of Edmeston, at West Edmeston, for lighting streets in this district, \$750; Town of Unadilla, \$200 for caring for the poor, \$247 for Board of Health and Vital Statistics; Town of Laurens, \$1,049.57 highways, extension to streets and roadways with a span of less than five feet; Town of Springfield, deficiency in general town account; Town of Milford, \$1,125 road, \$221 for snow removal, balance to be applied to special town and county roads; Town of Faxonville, \$26 for maintenance of Gilbertville Free library, \$25 for Memorial day; Wells Bridge Fire Commissioners, \$125 for hydrant rental, \$25 for hose house rental, \$1.51 extension tax.

Sanford A. Disbrow of Oneonta brought up the matter of securing bids for printing the minutes of the daily meetings of the supervisors and complete copies of the proceedings of the present session. By resolution, it was voted that bids be called for, to furnish the supervisors with 50 copies of the minutes of each day, and also 1,000 complete copies of the proceedings. The privilege of the floor will be granted to those who wish to explain their proposition on Thursday, and bids will be received at 10 a. m. Friday.

The report of Coroner Sloan of Worcester, which gives a detailed account of deaths which he was called to investigate was read by the clerk, details of which follow:

John M. Evans, Feb. 22, death caused by strangulation. Town of Maryland; George Bulson, Feb. 24, Worcester, cause of death, epilepsy; Amelia Clapper, March 27, Worcester, cause of death, suicide by drinking strychnine; Mrs. Charles Ham, May 2, Maryland, myocarditis; Dr. Claude R. NEW EDISON

"The Phonograph with a Soul"

We guarantee it to sustain the test of direct comparison with the performances of living artists. That makes it the phonograph you want to give the family for Christmas. This Official Laboratory Model has won the championship for realism.

Its perfect realism has been tested over 4000 times. More than fifty noted vocalists and instrumentalists made these tests. They compared their living performances directly with the RE-CREATION of those performances by the New Edison. The result was no difference between the two. Four million people said so; they heard the tests.
